

THE EXECUTIVE ADVISORY BOARD AS A RESOURCE

PURPOSE

Our mission as the Executive Advisory Board is to provide perspective, strategic support, sustainable resources, and significant relationship while serving as advocates for faculty and students in collaboration with the Dean.

IMPACT

As a group, the EAB is here as a resource for you, the SBGE faculty and staff. We want to assist with opportunities for student interactions as they pursue their education. We also wish to provide information and opportunity in each of the chosen industries of our members. We serve to support and encourage Dean Ross Stewart, faculty, staff and students of SBGE and are looking forward to hearing from you. It is a privilege to be a part of the successful educational experiences of SBGE students.

OPPORTUNITIES

The following are examples of our interaction potential.

Please contact Kristi Drake, EAB Chair, with your requests: kristidrake@me.com
